

LOTTERY PEOPLE WIN.

THEIR BILL PASSES THE LOUISIANA HOUSE.

Only 29 Members Vote Against the Proposition to Submit an Amendment to the People.

BATON ROUGE, La., June 26.—It was late last night when the factions of the Democratic party withdrew from the conference, having been unable to arrive at terms of agreement. At midnight the determination was reached by the majority to put the Lottery bill to a vote to-day without further delay. The House met at 10 o'clock. The utmost excitement prevailed. The corridors of the House were crowded and the floor of the House had no standing room. By consent the bill went over until 2 o'clock to enable the cold members of the whole to get rid of the appropriation bill. When the bill was finally reached Mr. Pipes of East Feliciana spoke in favor of granting the charter to the highest bidder. He read a letter from Isidore Newman, agent of the Newgas syndicate offering to deposit \$100,000 with the State Treasurer as a forfeit. C. M. Jackson of West Carroll moved to go into a committee of the whole to consider an amendment abrogating the monopoly of the grant, and it was carried. Mr. Land of Calcasieu took the chair. Messrs. Lovett of St. Mary and Seals of Claiborne denounced the amendment as a subterfuge. After some further filibustering the committee arose and reported the bill to the House recommending its passage. Lovett of St. Mary spoke in opposition to the bill, and Snyder of Texas was in favor of the measure. On closing his speech the latter moved the previous question. A terrible tumult followed, lasting for some time. Mr. Lawton of Algiers, heretofore claimed as an anti-slavery man, stated he had been assured if the bill passed the amount would be increased to \$1,500,000 per annum. The roll was then called on the passage of the bill. The bill was passed by a vote of 69 yeas, 29 nays, and three absent. The result was received with a mingled demonstration of cheers and hisses, and several times it was thought the members would come to blows.

The act provides for the submission to the electors of the State for adoption or rejection an amendment to the constitution of the State by inserting therein an article on levees, schools, charities, pensions, drainage, and lotteries, embodying a contract with John A. Morris and associates by which they agree to pay the State of Louisiana \$1,000,000 per annum for the lottery privileges for twenty-five years from Jan. 1, 1894, and providing that the money paid to the State shall be expended as follows: For levees, \$350,000; drainage in the city of New Orleans, \$100,000; public schools, \$350,000; charities and pensions \$200,000.

WAR EAGLE'S PETRIFIED BODY.

Curious Discovery Made at Shawnee town, I. T., by Kickapoo Indians. SHAWNEETOWN, I. T., June 26.—There is great excitement among the Kickapoo Indians over the discovery of a petrified body, supposed to be that of War Eagle, a leading chief of the tribe, who died many years ago, shortly after the tribe's removal to Shawnee town, Mexico. Instead of the remains being deposited in the ground in a coffin, they were placed in an upright position in a large hollow tree, there to await the coming of the happy hunting day. Yesterday, during a forest fire, the trunk of the tree was consumed. The Indians consider the burning of the tree where they great chief was buried a bad omen and say they can no longer sell their lands to the Cherokee commission.

Pennsylvania Republicans.

HARRISBURG, Pa., June 26.—The Pennsylvania Republican State Convention met Wednesday morning. After the appointment of committees a brief recess was taken. At the afternoon session the convention nominated for Governor, George Wallace Delamater, of Crawford; for Lieutenant-Governor, Louis A. Watres, of Lackawanna; for Secretary of Internal Affairs, Col. Thomas J. Stewart, of Montgomery; Messrs. Delamater and Watres are the present State Senators and Col. Stewart now fills the office to which he has been nominated. The platform declares for the McKinley bill, and asks Congress for legislation to prevent the importation of foreign margarine and intoxicating liquors into States where their sale is prohibited.

Long Journey of a Prospective Bride.

MOBILE, Ala., June 26.—Twelve thousand miles to be married. That is the journey Mrs. May New Chester began last night, bound from Mobile to Kozakasi, Japan, where her fiancé, Mr. W. Ledyard Scott, is a college professor. She goes via San Francisco.

Burial of Mrs. Grimes.

BURLINGTON, Iowa, June 26.—The body of Mrs. Grimes, widow of United States Senator Grimes, arrived here at an early hour this morning. After appropriate ceremonies it was interred in Aspen Grove cemetery.

Salvator Beats Tenny.

NEW YORK, June 26.—Salvator out-footed Tenny in the big match, coming under the wire a neck ahead in 2:05 1/4, beating all previous records by 1/4 seconds.

A CENTURY of progress has not produced a remedy equal to Ely's Cream Balm for catarrh, cold in the head and hay fever. It is not a liquid or a snuff, but is perfectly safe and easily applied into the nostrils. It gives immediate relief and cures the worst cases. Don't say there is no help for catarrh, hay fever and cold in the head, since thousands testify that Ely's Cream Balm has entirely cured them. It spreads the dangerous use of liquids and snuff. It is easily applied into the nostrils and gives relief at once. Price 50c.

Low Rates to St. Paul.

The Chicago & Northwestern railway will sell excursion tickets to St. Paul and return, on account of National Educational Association, at rate of one fare for the round trip, with \$2 added for membership fee in the association. For ticket and full information apply to Agent C. & N. W. Railway Co.

Children Cry for Pitcher's Castoria.

Children Cry for Pitcher's Castoria.

NOT A TRAIN RUNNING.

No Prospect for a Settlement of the Illinois Central Strike.

CHICAGO, June 26.—From present indications there is no prospect of an immediate settlement of the Illinois Central strike. The cloud is darker and heavier, every attempt to settle the matter only adding to the determination of both parties to fight it out.

Early this morning the engineers held a meeting and passed resolutions endorsing the action of the strikers and advising the men on the line to hold out. After that meeting a committee of three each, from the brakemen, conductors, switchmen, firemen, and engineers called on Superintendent Russell and were received by him in his private office. There were present at the meeting General Manager Beck, Superintendent Sullivan, the discharged road master Berry and his assistant Pushey, besides the members of the different committees. Specifications of the charges made were brought forward by the strikers. It is the general opinion of those who attended the meeting that no good can come of it, and that inside of twenty-four hours a general tie-up of the entire line will be the result.

The meeting was a stormy one, Superintendent Sullivan and the men on several occasions engaging in wordy fights. While leads to the belief that an amicable settlement of the affair will not be reached is the fact that early this morning a committee from the Cairo division arrived in the city, the ostensible purpose being to discuss the matter. Although no formal demand has as yet been made, the discharge of Superintendent Hartigan, of that division, who, they say, is a union supporter, is being demanded. The demand for his dismissal will surely be made, and that within a very short time. Said an old railroadster this morning: "I am afraid, and I greatly deplore the fact that this strike will be a repetition of the Chicago, Burlington & Quincy troubles. The outlook is growing darker and darker every hour."

The live stock on the Illinois Central is coming in all right over the Burlington and other lines having connection with the road.

Grand Master Wilkinson, of the United Brotherhood of Trainmen, claims to have nothing to do with the present strike, nor to have any authority to interfere. It is an employees' strike, he claims, and as yet does not come under his authority.

President Steves of Fish would not comment. He said: "When the matter is referred to me I shall know what to do."

Superintendent Sullivan said: "I hope the matter will be settled inside of twelve hours."

BROOKLYN'S POPULATION.

Census Returns Place It at 806,000, Giving the City Fourth Place.

BROOKLYN, N. Y., June 26.—There was much surprise yesterday over the approximate population of this city, as announced by Census Supervisor Sedgwick. He placed the number at 806,583, with the possibility that further returns would increase it to 810,000. Persons who had been figuring on one or two hundred thousand only, but shows that the estimates of the city authorities have been exaggerated. The growth for the last decade has been about 3 per cent. Since the city was incorporated, in 1834, the population has increased nearly fifty fold, as there were then about 16,500 people in the infant city.

As Chicago is estimated to have 1,125,000 people by the incorporation of a part of Cook county in the city, Brooklyn is relegated to the fourth place among the great cities of the country. Her position there is undisputed, as next come Baltimore or St. Louis. At the present rate of increase 1900 will see a population of nearly 1,225,000 in the metropolis of Long Island.

OUTWITTED THE FATHER.

Daughter of an Indiana Politician Elopes with a Saloon-keeper.

COLUMBUS, Ind., June 26.—Frank Thomas, a young and wealthy saloon-keeper, who owns and operates the city saloons in this city, and Ida McKay, the 18-year-old daughter of Samuel McKay, township assessor, eloped from this city on the north-bound Jeffersonville, Mad. train last night, leaving their father and mother in a state of great alarm. The morning and were married at Indianapolis. They wired the news back here. McKay missed his daughter from her room and started in pursuit, but failed to reach the train in time to check the marriage.

Carpenters Lose the Battle.

DETROIT, Mich., June 26.—The carpenters' strike, which has lasted eight weeks, has finally ended in favor of the employers and in the defeat of the unions. The lack of funds compelled the committee to cut down the weekly allowance of the unemployed strikers to \$2.50. They had been getting \$4. This led to their desertion in large bodies, and now the strike is practically ended.

August Belmont May Retire.

NEW YORK, June 26.—It was said at Sheepshead Bay to-day that Mr. Belmont had announced his intention to retire from the turf. Some weight was given the assertion from the fact that all of Belmont's horses will be sold at Monmouth by Col. S. D. Bruce July 7.

Congressman Kewell Renominated.

BLOOMINGTON, Ill., June 26.—At Decatur this afternoon occurred the Republican Congressional Convention of this, the Fourteenth District. Congressman Kewell, chairman of the House committee on elections, was renominated.

Manchfield Nominated.

MANCHESTER, Ohio, June 26.—Michael D. Harter, of this city, received the Democratic nomination for Congress in the Fifteenth Ohio district on the 153d ballot.

A Matter of Interest to Travelers.

Tourists, emigrants and mariners find that Hostetter's Stomach Bitters is a medicinal safeguard against unhealthful influences, upon which they can implicitly rely, since it prevents the effects of an unhealthy climate, vitiated atmosphere, unaccustomed or unwholesome diet, bad water, or other conditions unfavorable to health, would otherwise produce. On long voyages, or journeys by land in latitudes adjacent to the equator, it is especially useful as a preventer of the febrile complaints and disorders of the stomach, liver and bowels, which are apt to attack natives of the temperate zones sojourning or traveling in such regions, and is an excellent protection against the influence of extreme cold, sudden changes of temperature, exposure to damp or extreme fatigue. It not only prevents the attendant and remittent fever, and other diseases of malarial type, but eradicates them, a fact which has been notorious for years past in North and South America, Mexico, the West Indies, Australia and other countries.

For a Disorder Later try Beecham's Pills.

PROSTRATED BY THE HEAT.

Many Cases of Sunstroke, Several Fatal, in Chicago.

CHICAGO, June 26.—Charles Hacker, a driver for Weaver, Getz & Co., coal merchants, was overcome by heat and fell on the seat unconscious. The movement of the wagon pitched him forward under the horses, and the vehicle ran over him, killing him instantly.

John Keifer, 27 years old, a plasterer, while working on Grand boulevard yesterday afternoon, was sunstruck and died on the way to the Michael Reese hospital.

Lawrence Dalutta, an Italian, 28 years old, was sunstruck at Ogden avenue and Twelfth street. He was removed to the County Hospital, where he died several hours after.

The body of an unknown man, supposed to have died from the effects of the heat, was found in a woodshed at No. 219 Cherry avenue at 7:40 o'clock last night. He was about 50 years old, five feet nine inches tall, with light brown hair and mustache.

Eight cases of sunstroke were reported at the West Side police stations yesterday. Two others were reported from different parts of the city.

Bloomington, Ill., June 26.—A hot wave of remarkable intensity is sweeping across central Illinois. Yesterday the mercury ran up to 99 degrees in the shade. The night was fearfully hot, the mercury remaining very near 99 degrees all night. Not a breath of air was astir. To-day was even hotter and more oppressive. The thermometer in the shade and with but little reflected heat indicated 101 and 102 degrees. Great suffering has been the result.

Cairo, Ill., June 26.—The first fatal sunstroke of any year is reported. The victim was a carpenter named Homer Hall, who claimed to be one of the Johnstown sufferers. Two other men were overcome with the heat, but will recover. Three horses in the stable were sunstruck and died. The mercury marked 95 degrees in the shade.

Decatur, Ill., June 26.—The mercury here was 102 degrees in the shade. C. S. Griswold, a tinner, was overcome by the heat.

Burlington, Iowa, June 26.—The hottest spell that has been known here for years is the present. After an intolerable night the mercury stood at 91 degrees at 5:30 o'clock a. m. It continued rising, and at 11 o'clock reached 98 degrees. Later it touched 102 degrees in the shade in different parts of the city. Five cases of sunstroke have been reported, one fatal.

St. Louis, Mo., June 26.—The mercury is steadily rising, the thermometer at the State signal office registering 96.4 degrees, the highest point this summer. In other quarters of the city it reached 98 degrees. The number of heat prostrations is increasing, four being treated at the dispensary, only one of which proved fatal. The mortality among children is large and is directly traceable to the extremely warm weather.

Low Republican Ticket.

SIoux CITY, Iowa, June 26.—The Republican State convention has nominated the following ticket: Secretary of State Wm. M. McFarland; Auditor, J. A. Lacy; Treasurer, B. A. Booser; Attorney-General, John V. Stone; Judge of the Supreme Court, J. H. Rothrock; Clerk of the Supreme Court, G. B. Pray; Reporter of the Supreme Court, N. B. Raymond; Railroad commissioner, J. W. Luko.

No Clue to the Murderer.

WICHITA, Kan., June 26.—The coroner's jury investigating the assassination of Dr. B. M. Barnes at Greenwich Sunday night brought in a verdict to-night that deceased came to his death at the hands of unknown parties. One or more persons, the jury said, party or parties live at Detroit, the former home of the unfortunate physician.

THE MARKETS.

Chicago.

CHICAGO, June 26.—GRAIN.—Heavy Wheat—Opened weak and fractionally lower, the transactions being large. Before the close the market firmed up considerably and all prices showed a gain of 1/2c over those of yesterday. No. 2 regular June 84 85 1/2c; closing at 85 1/2c; No. 2 July 84 85 1/2c; closing at 85 1/2c; No. 2 August 84 85 1/2c; closing at 85 1/2c; No. 2 September 84 85 1/2c; closing at 85 1/2c; No. 2 October 84 85 1/2c;
